ABC 1919 SKOOTAMOTA 124 CC 1 CYL EOI

SOLD

ANTIQUE MOTORCYCLES - ACCESSORIES AND RELATED ITEMS

PRODUCT DESCRIPTION

1919 ABC Skootamota.

Granville Bradshaw was the genius behind quite a few special engine designs, the best known being the ABC flat twins, the oilcooled singles and the engine of the Panther Panthette.

The Skootamota on offer has a single cylinder 124cc engine, also a Bradshaw design.

The engine sits above the rear wheel which it drives by chain.

The pansaddle and spacious footboard provide ample comfort for the rider.

The ABC Skootamota can be seen as the rare archetype of the modern motor scooter.
