SOLD

ANTIQUE MOTORCYCLES - ACCESSORIES AND RELATED ITEMS

PRODUCT DESCRIPTION

1929 AJS 350cc OHC M7

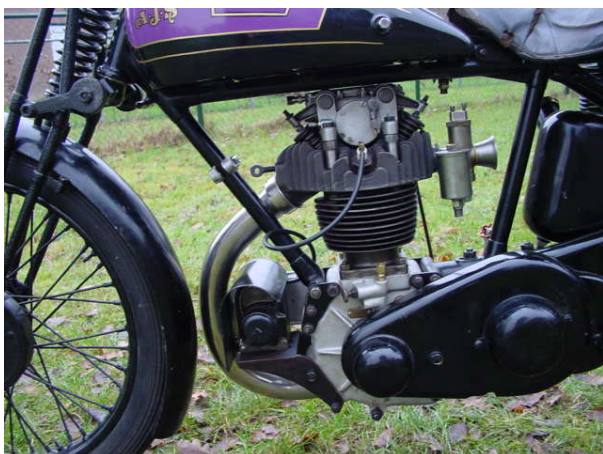

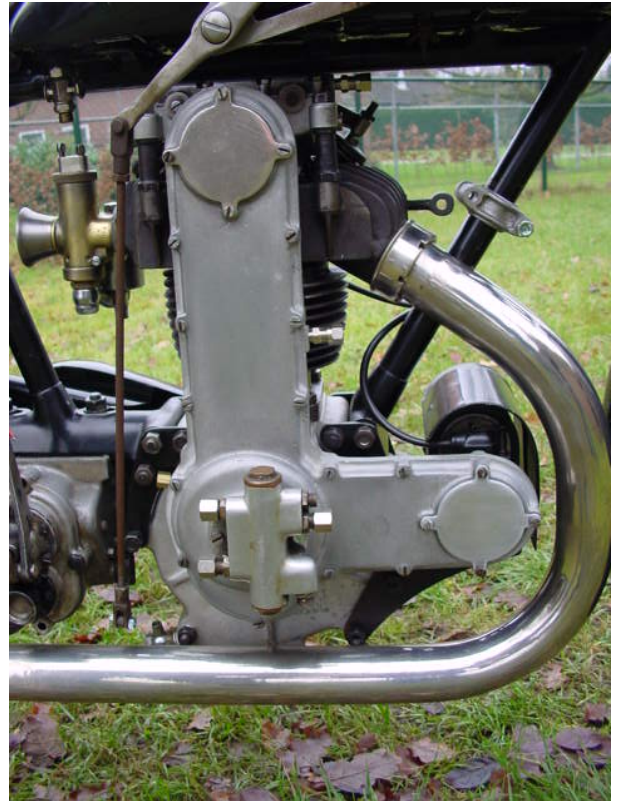

To meet the demand for more power, the AJS factory designed 350cc and 500cc OHC engines in 1929. These designs were the direct successors of the "Big Port" OHV models and they were very successful, notably in racing trim.

This 350 OHC M7 is unrestored but mechanically in excellent condition and has been built up from mainly new or reconditioned parts.

A true challenge for the vintage superbike enthusiast !
