ANTIQUE MOTORCYCLES - ACCESSORIES AND RELATED ITEMS

PRODUCT DESCRIPTION

349 cc side valve model "L" frame# D 3213 engine# 3263

Quite a charming machine, this authentic model "L".

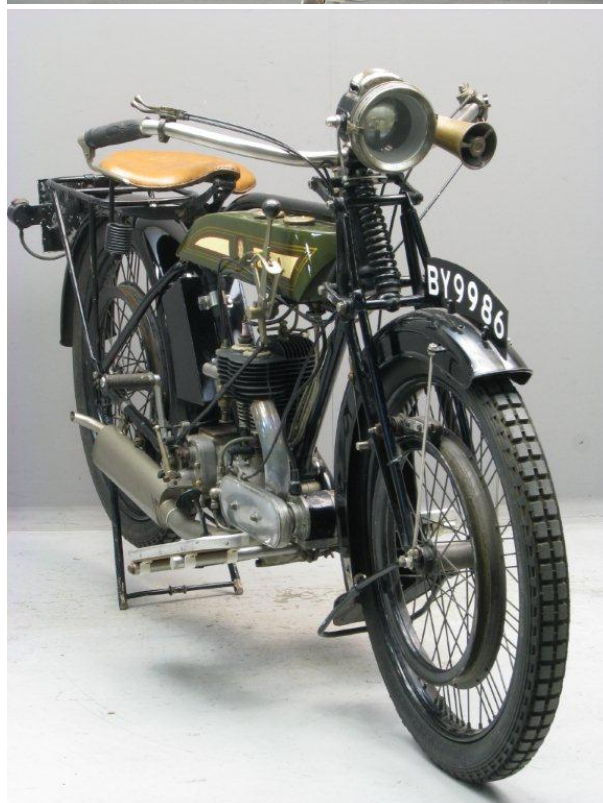

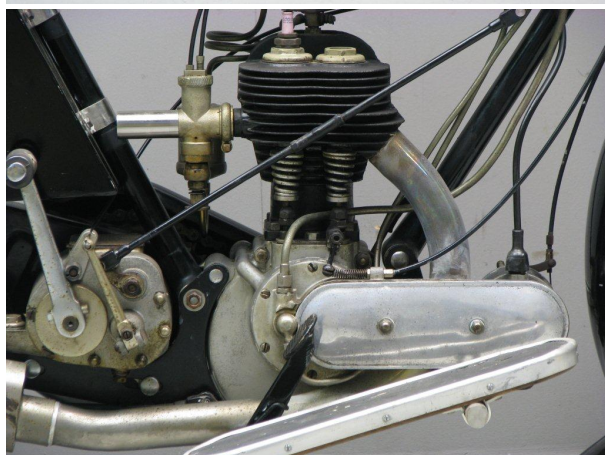

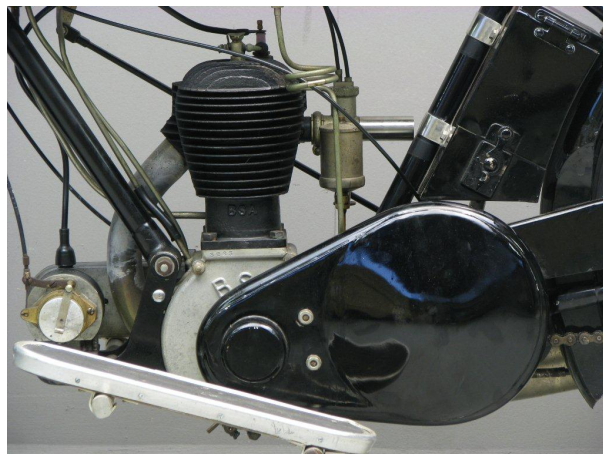

It was one but the lightest model offered in 1924, only the 249 cc Roundtank being of smaller capacity. A 1924 B.S.A. advertisement slogan read: "Invest in a B.S.A. for satisfaction, reliability and sterling value"; in fact this still goes for this practical vintage touring machine, which is an older restoration.

This machine is equipped with 3 speed gearbox, mechanical oil pump and dummy belt rim brakes.

Acetylene lighting system and bulb horn are also included.
