GILLET 1928 TOUR DU MODE 350 CC 1CYL TS

SOLD

ANTIQUE MOTORCYCLES - ACCESSORIES AND RELATED ITEMS

PRODUCT DESCRIPTION

1928 Gillet "Tour du Monde"

The "Tour du Monde" gave the buying public what it was asking for : a sporty, reliable and relatively powerful 350cc twostroke engine, well-suited for long distance touring. Typical features of the "Tour du Monde" are the large outside flywheel and the rotating inlet with low-placed carburettor.

This Gillet is unrestored and complete, ready to ride or restore.
