**HARLEY DAVIDSON 1928 MODEL 28JD 1200 CC COMBINATION**

**SOLD**

## ANTIQUE MOTORCYCLES - ACCESSORIES AND RELATED ITEMS

### PRODUCT DESCRIPTION

**Harley-- Davidson 1928 model JD combination 1212 cc IOE frame # 11882 engine #28 JD 11882**

For 1928, about 4300 model J machines were sold; the 1212 cc JD was much more in demand with more than 11,000 units leaving the factory.

Not surprisingly perhaps, as the price difference between these models was a mere \$10.

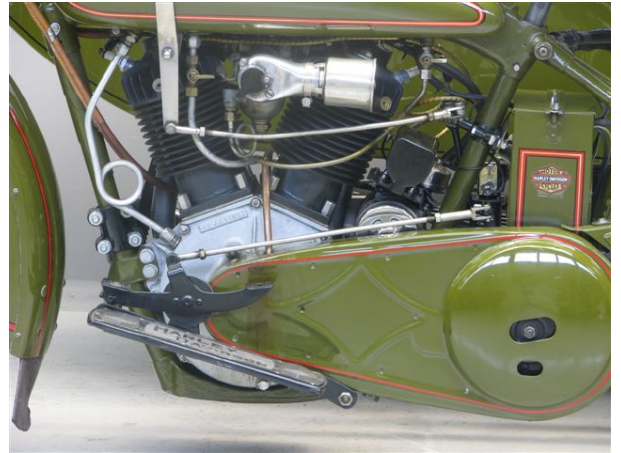

1928 was the first year of the internal expanding front brake, a practical innovation indeed, especially for the machines that were equipped with a sidecar.

Some more new developments for model year 1928 were the addition of an air cleaner, larger size wheel spokes and a larger size fuel pump connected to the throttle.

This good-looking combination has been restored meticulously.
