PRODUCT DESCRIPTION

Harley Davidson 2004 XL1200R Sportster Frame no. 5HD1CLP104K438580 Engine no. CLP4438580

Hé, who let this one in ?
Well, we couldn't resist it.

This is such an amazing and beautiful bike, packed with every accessory you can think of. This XL1200R Sportster was sold new via Thames Valley Harley-Davidson to a client in Caversham, Berkshire, UK.

The machine comes with an invoice for the 'Lava Red Sunglo' factory paint option and 'Stage 1' tuning accessories all cost more than 10,000 Euros.

The full 'Stage 1' tune includes Screaming Eagle slash-cut exhausts and Screaming Eagle ignition, while almost every component capable of being plated has been chromed (list on file).

Other noteworthy features include a Kuryakyn Hypercharger (fancy illuminated air intake/filter), internal clutch lightener, braided front brake lines, H-D indicating mirrors, Kuryakyn running lights/indicators front and rear, Kuryakyn volt meter, Kuryakyn gas cap, H-D oil temperature dipstick, lowered rear shock absorbers for really low-riding and an illuminated tax disc holder.

Of course an alarm system is on board.

This Harley-Davidson XL1200R Sportster is presented in pristine condition.

With the machine come various photographs and advertisements and UK registration documents.

She covered 10,878 sunshine miles only and has never seen a drop of rain.

Be quick and be ready for the 2014 season.!
