ANTIQUE MOTORCYCLES - ACCESSORIES AND RELATED ITEMS

## PRODUCT DESCRIPTION

**Norton ca 1940 model 16 H 490 cc side valve single frame # W 41858 engine# W73471**

In 1921 Norton Motors moved into new premises in Bracebridge Street, Birmingham.

The model range consisted of two simple, sturdy and beautifully finished side valve three speeders, the 490 cc model 16/17 and the 633 cc "Big 4", and three direct belt drivers, very fast but rather outdated now and really only of interest to the real speed enthusiast.

The model 16 actually was available in a home market version, the 16 H, and a heavier built colonial version, the 17 C.

The 16 H engine with dimensions of 79x100 mm had a remarkable production run of no less than 45 years.

Keywords with this design are reliability, robustness and power.

The machine is equipped with pillion seat, rear view mirror and luggage rack
