RUDGE 1920 MULTI 500CC 1 CYL IOE 2706 SOLD

Rudge Multi 1921 500cc ioe Frame # 773291 Engine # 20468

With introduction of the multi gear Rudge was far ahead of the competition.

They won the 1914 TT with this system and were subsequently barred from certain speed events because of their "unfair headstart".

The factory turned these "barred" logo to their advantage in a clever advertising campaign. The multi gear principle is based on the possibility to vary the diameters of both front and rear pullies.

(Like the well known Daf variomatic system).

By moving a long handle alongside the petrol tank about 18 different gear ratios can be selected.

While on the move the rider can choose the speed that gives most engine torque and subsequently raise

the speed by changing the gear/ratio with the “multi-handle” without actually raising the engine rpm, a remarkable experience when being out on a Multi for the first time, The engine is a 500cc inlet over exhaust type.

The machine is in good original condition and runs well.

This Rudge offers the rare combination of vintage high technology and superb riding comfort.
