PRODUCT DESCRIPTION

Schüttoff 1928 1 cyl. ts 198cc.

The connection between Schüttoff and DKW was strengthened in 1928 by the partial take-over of Schüttoff by the world's biggest motorcycle producer DKW.

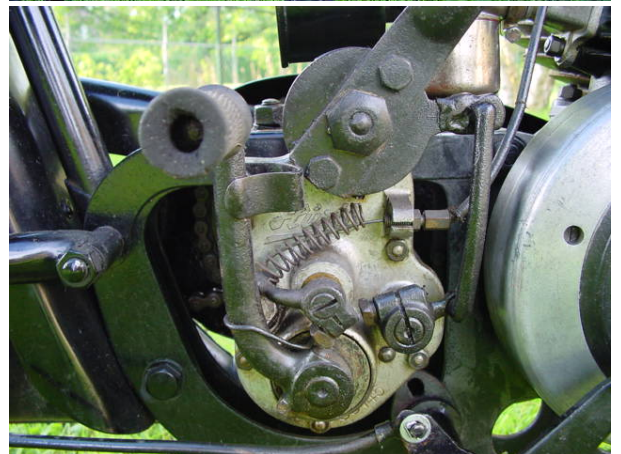

Schüttoff built this model 200 entirely along DKW lines.

The framenummer 144449 shows that this machine was built under the Schüttoff label.

A well-restored and well-running machine that will guarantee a lot of riding pleasure and is an interesting specimen of German motorcycle technology of the late 20's.
