PRODUCT DESCRIPTION

Sunbeam 1928 Model 8 350 cc OHV frame # C 1396 engine # K 1390

The first OHV production Sunbeams were listed as the model 8 (350cc) and 9 (500cc) in 1924. The model 8 with bore/stroke dimensions of 70x90 mm was an excellent sporty tourer, but stayed somewhat in the shadow of its more glamorous big brother.

1928 was the last year that Sunbeams had flat tanks.

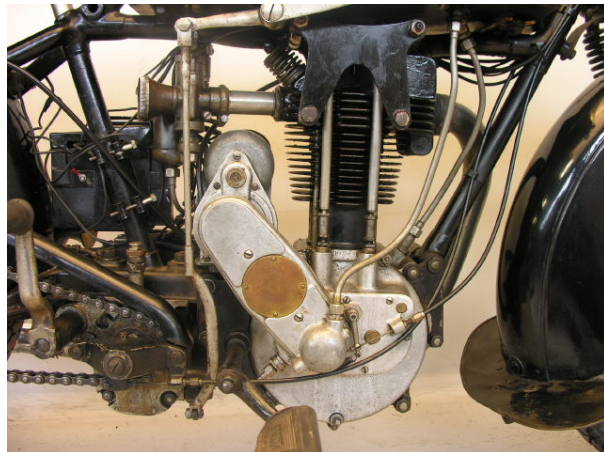

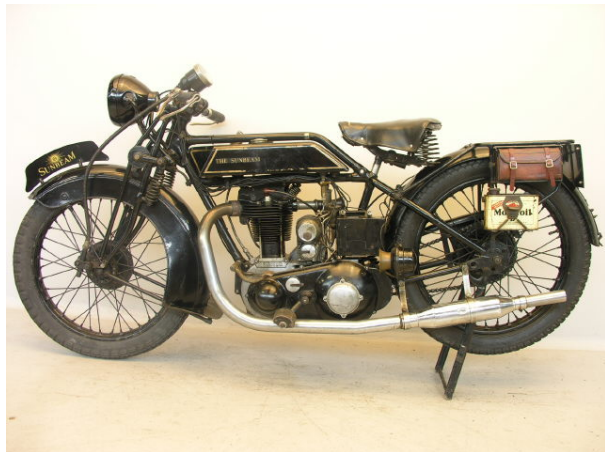

This machine is an older restoration.

It is equipped with extras such as electric lighting and speedometer.

It's a reliable and high quality machine which has been used very often in Dutch vintage club runs.
