SOLD

ANTIQUe MOTORCYCLES - ACCESSORIES AND RELATED ITEMS

PRODUCT DESCRIPTION

Triumph 1971 500cc Daytona Frame no. EE 24219 Engine no. EE 24219.

Such was the reputation of Triumph's sportier half-litre twin, which began with the Tiger 100 in 1938, that they continued producing 500cc models long after AMC, BSA, Norton etc had retreated into the 650/750cc category.

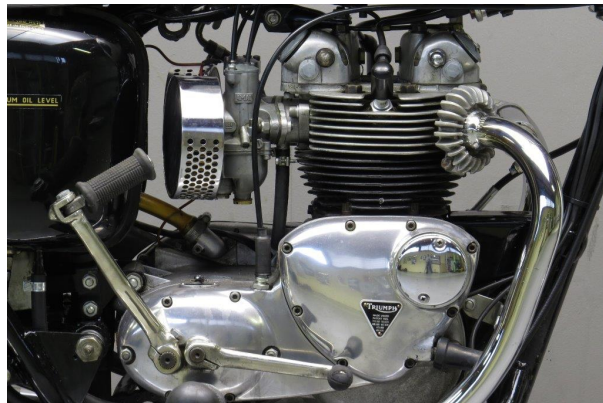

This Triumph is brought to (and maintained in) 'show condition', with all the bills for the necessary work kept on file.

She has covered only 4267 miles to date, reflected in the machine's overall appearance.

This Daytona is presented in near pristine condition and runs very well.
